

File Submission Guidelines

Tyler Press, Inc. has a PC-based, direct-to-plate workflow. Proper file submission is important to ensure your job is produced correctly. Files not properly prepared may require additional charges and result in delays. Please check to see that your file adheres to our guidelines below:

Press-Ready PDF

TIF (300 dpi @ 100% size)

JPEG (300 dpi @ 100% size)

EPS (fonts converted to outlines)

CorelDraw: Fonts converted to outlines or included (TrueType or OpenType ONLY)

Adobe Illustrator: Fonts converted to outlines or included (TrueType or OpenType ONLY)

Adobe PageMaker: Fonts (TrueType or OpenType ONLY) included; links included

Adobe InDesign: File MUST be exported to Universal File Format, fonts converted to outlines

Adobe Photoshop: Fonts rasterized or included (TrueType or OpenType ONLY)

ADDITIONAL: Spot Color Jobs submitted in TIF, JPEG or any CMYK or RGB format are not acceptable; if modifications to the file are necessary, additional charges will be incurred.
